

Have you ever been in the situation where you are in between jobs or your new job's health insurance doesn't start for 90-120 days?? Most people would wait it out and hope nothing happens to them.

Now I have a low cost solution to this problem...Short Term Health Insurance!

United Health Care/Goldenrule has a great short term plan that can run anywhere from 1 month to 12 months, depending on how long you need it. It is a simple online application and you will be approved within days.

It has the option of paying monthly or paying the whole premium up front. It gives you catastrophic hospital coverage in the event something happens in waiting period between your group health insurance starting.

If you are that person described above or know anyone who needs short term health insurance in the Orlando area, please give me a call today at 407-489-5777 for a free quote!
